Subject: RE: ORD PFAS Milestone Tracker as of 20 NOV 2019

Tech support is not included. It could be added, it is a big ask and is more than I could do myself.

Centers and staff have expressed some reluctance about being 'tracked' publicly for this work since it is often 'other duties as assigned' kinds of things, not programmed or budgeted.

Do you want me to develop a prototype for an ORD level roundup of tech support efforts and status? I would need help from CEMM and CESER, possibly others.
